INTERNSHIP OFFER LETTER

Atinarapu Karthik
Software Developer Intern
College: T.R.R College of Technology

Dear Intern

We are pleased to offer you a **1-month** internship at **Micro IT** as a Software Developer in Artificial Intelligence/Machine Learning. This internship is unpaid, but based on excellence, a post-internship opportunity with **Stipend up to ₹15000** can be given by Micro IT. Your internship batch starts on 15 May to 15 June 2025, and submit your projects as soon as you complete and before 15 June 2025.

Points to remember

- You have to develop any two projects from the given projects list in your own interested programming languages.
- You can also submit your projects before 15 June.
- You can join the Micro IT by post internship opportunities after completion of this internship.

Looking forward to working with you!

With Best Wishes,

Mr. Vijay Kumar
Founder, Micro IT
